

*Hot Salt*TM

PARKING LOT MIX

A premium deicer blend, specially designed for parking lot maintenance.

Hot Salt melts more ice more quickly and at lower temperatures.

Hot Salt also offers more residual action, so it keeps working longer than other deicers.

- Packaged conveniently in 50lb bags, 80lb bags, or 1 ton supersacks.
- Special blended formula works long after normal rock salt stops working.
- Works in temperatures as low as -25 degrees.

HOT SALT™

PARKING LOT MIX

50 lbs
22.68 kg

This premium deicer blend is specially designed for parking lot maintenance. **Hot Salt** melts more ice more quickly and at lower temperatures. **Hot Salt** also offers more residual action... so it keeps working longer than other deicers.

Directions for use:

For general deicing, apply **Hot Salt** as needed and remove ice as soon as it can be broken up. Do not use in excessive quantities. Avoid using on concrete poured within one year or is of poor quality as it could cause spalling.

Precautionary measures:

Avoid breathing dust or mist.
Avoid contact with eyes and skin.
Wear rubber gloves and boots, protective goggles, long sleeve shirt and trousers when handling the product.
For dusty or misty condition, use ventilation, or wear NIOSH approved respiratory equipment.
Use good hygiene and housekeeping practices.
Store bag tightly closed to preserve the product's quality.

First Aid:

If in contact with eyes, flush with water for 15 minutes and consult a physician if irritation persists.
If in contact with skin, wash with soap and water.
If ingested, rinse mouth with water and drink one glass of water.
Get medical attention for irritation, ingestion or discomfort from inhalation.

Read the material safety data sheet.
